REQUEST FOR RECONSIDERATION UNDER 37 CFR § 1.323

Sir:

On September 5, 2007, Applicant submitted a Request for Certificate of Correction. On November 24, 2007, a response was received, denying the request. Reconsideration is requested for the reasons set forth below.

1. U.S. Application Number 09/477,842, now U.S. Patent Number 6,732,163, was filed on January 5, 2000, and issued on May 4, 2004.
2. U.S. Application Number 10/802,985, now U.S. Patent Number 7,260,620, issued on August 21, 2007, and was filed on March 17, 2004 while U.S. Application Number 09/477,842 was co-pending.
3. The inventorship of U.S. Application Number 09/477,842 and U.S. Application Number 10/802,985 is identical.

4. The specification of U.S. Application Number 09/477,842 supports the claims of U.S. Patent Number 7,260,620.

5. The Utility Patent Application Transmittal accompanying the specification of U.S. Application Number 10/802,985 contained a reference to U.S. Application Number 09/477,842. The reference identified U.S. Application Number 09/477,842 by application number (consisting of the series code and serial number) and indicated the relationship of the applications. A copy of the Utility Patent Application Transmittal is attached hereto as Exhibit 1.

6. A Filing Receipt was mailed for U.S. Application Number 10/802,985 on June 1, 2004. Under the heading of "Domestic Priority data as claimed by applicant" was printed "This application is a CON of 09/477,842 01/05/200 PAT 6,732,163." A copy of the Filing Receipt is attached hereto as Exhibit 2.

Conclusion

From the foregoing, Applicant was under the belief that the domestic priority claim submitted with the specification of the application was accepted by the United States Patent and Trademark Office, as evidenced by the Filing Receipt. Therefore, for the reasons just set forth, Applicant requests a Certificate of Correction be issued for the above identified patent. If there are any fees necessitated by the foregoing communication, please charge such fees to our Deposit Account No. 50-0902, referencing our Docket No. 72255-00021.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
